P.O. Box 18, Neerim South 3831

Phone: (03) 5628 1455 Email: neerim.sc@education.vic.gov.au

Welcome to Neerim District Secondary College. Whether you are new to our school community or returning here, we are proud that have you join us and our school community. Supported by Academic and Leadership Scholarships at Year 7, and by Academic Scholarships at Year 10, we seek to support local students to engage in the best possible education on offer – that provided by their local school. We are pleased and proud to welcome you as a partner in this learning partnership.

Our College is focused on achieving success for all students. We support all students to aim high in their personal learning goals, and to embrace the opportunities to improve and excel. Our College is large enough to offer students a broad range of subject choices, while being small enough to allow teachers and students to work together closely to promote excellence. Your child will be well known in our school community and as such will be supported throughout each step of their educational and development journey, not just by our school but by our whole community. The journey to your child's success is about the quality and nature of the experiences along the way – and not just the end point. Through the experiences offered by our school, we aim to send our students into the world as well-rounded, capable and caring young men and women.

As a small Year 7 - 12 school we are able to offer a range of leadership and personal development opportunities that is second to none in Gippsland. We support and award over 30 leadership positions, through engagement with sporting teams and events, Home Groups, the Positive Behaviour Support (PBS) Framework, as House Captains and Leaders, and as leaders on school buses, and, in later years, School Captains. Our School Leaders represent us and our values every time they step out into our Community

Our school encourages all students to adopt the college values of:

Respect: Show proper regard for your own learning and well-being, while demonstrating courtesy and thoughtfulness towards others.

Perseverance: Be committed and work hard to achieve your very best in your learning and in all other positive endeavours;

Community: It takes a village to raise a child, and our students are a part of a community – of learners, of leaders, and into the future. Students are encouraged to work constructively throughout all classes, to learn, and to contribute positively to improving the College and the outside community.

Leadership: As a small school, we are all leaders within our classrooms, and within the yard and beyond the school. Our local community is very proud of our school and we as a school are proud to be able to pay back to the community.

As we say here at Neerim District Secondary College: you don't just GO to NDSC, you ARE NDSC!
