STUDENT WELLBEING AND ENGAGEMENT POLICY

PURPOSE

The purpose of this policy is to ensure that all students and members of our school community understand:

- (a) our commitment to providing a safe and supportive learning environment for students
- (b) expectations for positive student behaviour
- (c) support available to students and families
- (d) our school's policies and procedures for responding to inappropriate student behaviour.

Neerim District Secondary College is committed to providing a safe, secure and stimulating learning environment for all students. We understand that students reach their full potential only when they are happy, healthy and safe, and that a positive school culture helps to engage students and support them in their learning. Our school acknowledges that student wellbeing and student learning outcomes are closely linked.

The objective of this policy is to support our school to create and maintain a safe, supportive and inclusive school environment consistent with our school's values.

SCOPE

This policy applies to all school activities, including camps and excursions.

POLICY

1. School profile

Neerim District Secondary College is a small, rural Secondary school of approximately 210 students and 45 FTE staff. We do not have any staff who identify as Aboriginal and Torres Strait Islander.

Because of its size, the school is able to implement strongly individualised programs to support the needs of our funded students and other students with additional learning and social needs,

and to support small class sizes throughout the school. Our values of Community, Respect, Leadership, and Perseverance resonate throughout our school. Staff report high levels of connection to the school, with School Climate reported to be higher than the state average.

The communities of Neerim South and Neerim District are aspirational and while a number of local families send their children to private schools in Warragul, we are building a reputation as being the school of choice for the local community, providing a high-quality education for all students. We pride ourselves on our capacity to enhance opportunities for students with both academic and non-academic aspirations. Parent Satisfaction is in line with the state average.

Students come to us from a large number of feeder schools and present with a wide range of skills, learning confidence, and abilities. Our teaching staff are working in Professional Learning Communities to gather and analyse student learning data to inform teaching. Our most recent work is in the development of a school-wide Instructional Framework, to revisit School-Wide Positive Behavior Supports, and implement a Learning Coach model, so that every student is connected to a significant adult throughout their schooling.

One of our challenges is our community attitudes to student attendance. We have a number of students with chronic absence and the AToSS factor 'Attitudes to attendance' consistently ranks poorly. This is supported by a dedicated Attendance team including the Principal, Coordinators, Admin, and the Wellbeing Team.

With small VCE cohorts, our VCE outcomes have been variable from year to year. Our senior team is working to develop more consistent processes and tracking throughout the year, including documentation of course selection, task completion, and submission of work. As we have no overseas students we do not offer programs for this cohort.

Neerim District Secondary College is more than a school. It is a learning community that is small enough to care and big enough to excel. Students and staff do not go to NDSC, they ARE NDSC.

2. School values, philosophy and vision

Neerim District Secondary College's Statement of Values and School Philosophy is integral to the work that we do and is the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core values of respect, integrity and kindness at every opportunity.

Our school's vision is to empower students to reach their personal best, and fully equip them to contribute positively to society as happy, healthy young adults.

Our Statement of Values is available online at: [\[insert link\]](#).
